

Partial Payments Will Not Be Credited

Effective August 1, 2015

Any partial payment received via Check or Money Order, after August 1, 2015, will be immediately returned to its maker and will need to be resubmitted in an amount sufficient to cover one full payment.

Any partial payment received via Automatic Payment Withdrawal or online through MyNote, after August 1, 2015, will be held until we verify the funds have been credited to our Trust Account, and then returned electronically to the maker's account. The automatic payment option will be immediately cancelled until arrangements have been made to adjust the payment to an amount sufficient to cover one full payment.

PLEASE NOTE: The delay caused when a payment has to be returned may result in additional interest and/or applicable late charges.

Please contact our office if you wish to discuss the need to adjust your payment in response to this policy.

Thank you,
